Speed changes exist in saved trajectories; display filtering adds appearance changes
ID 1189 is excluded from the latest display; ID 642 is retained
ID 1189: near-wall motion and release
Recorded bubble speed
P1 fluid speed at same start position
Speed (mm/s)
Physical time (s)
ID 642: near-wall motion and release
Recorded bubble speed
P1 fluid speed at same start position
Speed (mm/s)
Physical time (s)
Wall gap grows during release
One particle radius
Wall gap (micrometers)
Physical time (s)
Latest animation: threshold controls visibility
Rolling 0.1 s mean speed
Display threshold: 2 mm/s
Shown frames
Hidden frames
Rolling mean speed (mm/s)
Physical time (s)
